

NOTICE

UPGRADING MYFREEVIEW DIGITAL SIGNAL

MYTV is in the process of upgrading myFreeview digital broadcasting quality throughout the country. To ensure you continue to enjoy your favourite shows;

- a. **DVB-T2 decoder user:** Put the set-top box in standby mode when not watching so that the upgrade process can be done automatically.
- b. **Digital TV / IDTV:** Perform a channel scan manually or automatically.

We are sorry for inconvenience caused. Thank you.

For more information, kindly contact
MYTV Customer Careline at 1800-18-1088.
