

NOTICE

MYFREEVIEW DIGITAL TV BROADCAST TO UNDERGO FREQUENCY RESTACKING

MYTV Broadcasting Sdn Bhd will conduct a restacking frequency exercise for digital TV broadcast transmitter located in Taman Pelangi, Skudai and Gunung Pulai (Johor Bahru) and also in Bukit Bauk transmitter (Terengganu) in order to enable the new frequencies to be broadcasted from the affected transmission stations. For information, digital TV channels are transmitted via 2 frequencies from each transmission station. This process will only affected the "Second Frequency" from each transmission station.

Frequency restacking exercise will start from 1.00 am until 6.00 am on the following date:-

| No | Date | Transmitter location | Old Frequency | | New Frequency | |
|----|-------------|----------------------------|------------------|------------------|------------------|--------------------------|
| | | | First frequency | Second Frequency | First frequency | Second Frequency |
| 1 | 9 Jun 2020 | Taman Pelangi, Johor Bahru | CH47 (682MHz) | CH49 (698MHz) | CH47 (682MHz) | CH43 (650MHz) |
| 2 | 10 Jun 2020 | Skudai, Johor Bahru | CH47 (682MHz) | CH49 (698MHz) | CH47 (682MHz) | CH43 (650MHz) |
| 3 | 11 Jun 2020 | Gunung Pulai, Johor Bahru | CH47 (682MHz) | CH49 (698MHz) | CH47 (682MHz) | CH43 (650MHz) |
| 4 | 16 Jun2020 | Bukit Bauk, Terengganu | CH30 (546MHz) | CH52 (722MHz) | CH30 (546MHz) | CH32 (562MHz) |

The affected areas are Johor Bahru, Pasir Gudang and Skudai while the areas affected in Terengganu are Dungun, Bukit Besi and Ketengah.

We encourage viewers to put their decoders or integrated digital television (IDTV) on '**standby mode**'. If there is a broadcast interruption after this exercise, you will need to **re-scan** your decoder or IDTV in order to get a new frequency automatically.

Viewers can also refer to the list of new frequencies on the following link: <https://www.mytvbroadcasting.my/pdf/Lists-of-frequency.pdf>.
